The Marple Newtown School District

The mission of the Marple Newtown School District is to provide state of the art educational opportunities for all students in a safe, healthy, and effective learning environment through a collaborative commitment involving students, families, staff, and community.

The following represents the shared vision of the school district and it is designed to represent what students in the Marple Newtown School District would experience.

**Students in the Marple Newtown School District:**

- **Learn in** schools that are innovative, collaborative, student-led, and community-connected
- **Benefit from** the high academic standards, engaging curricula, and systems approaches established in the Marple Newtown School District
- **Benefit from** schools that are committed to respecting and advancing the individual needs of learners
- **Are** highly desirable to colleges and employers because they advance excellence in all aspects of human endeavor: academic, artistic, athletic, and industrial
- **Demonstrate** their continual search for academic excellence by consistently outperforming students in similar contexts on measures that are important to the organization’s core purpose
- **Approach** their character development with enthusiasm and integrity and use their talents in the service of others in order to build a better democracy for all
- **Enjoy** safe, healthy, well-maintained, effective, and state of the art environments
